1. Qualitative Information Regarding this Quarterly Statement

(1) Qualitative Information Concerning Consolidated Operating Results

1) Overview

In the consolidated first quarter of fiscal year 2023 (April 1 to June 30, 2023), concerns about prospects for the global economy persisted. Although restrictions on economic activity in connection with the COVID-19 pandemic eased, geopolitical risks became protracted and monetary tightening continued.

Similar trends impacted conditions in the Japanese economy. Despite an overall trend of gradual recovery, factors such as high energy and resource prices continued to compel close attention to downside risk.

Against this macroeconomic background, mixed conditions prevailed in the electronics industry, Ryosan's main field. Easing of supply shortages brought overall calm to supply chains that had become disorderly, but some fields, such as communications and industrial equipment, entered an adjustment phase.

In the first quarter, the macroeconomic background described above contributed to a decline in net sales to 70,853 million yen (down 2.5% from the same period of the previous fiscal year). However, operating income rose to 2,924 million yen (up 17.9%), aided by reductions in expenses, and ordinary income leapt to 1,933 million yen (up 70.1%), as foreign exchange losses declined compared with the same period of the previous fiscal year, due to revaluation of foreign-currency-denominated liabilities. Profit attributable to owners of parent doubled, reaching 1,328 million yen (up 95.4%).

2) Business Segment Information

a. Devices

The fields of communications and industrial equipment entered an adjustment phase, but trends were firm in other areas, particularly in consumer and automotive products. Net sales edged down to 62,735 million yen (down 0.5% from the same period of the previous fiscal year). Operating income grew to 2,464 million yen (up 10.9%).

b. Solutions

Large projects for the communications sector drew to a close. Net sales contracted to 8,117 million yen (down 15.4% from the same period of the previous fiscal year), while operating income shrank to 379 million yen (down 24.0%).

(2) Qualitative Information Concerning Consolidated Financial Position

As of June 30, 2023, total assets increased by 7,641 million yen compared with the end of the previous fiscal year, to 195,830 million yen.

Also, net assets increased by 2,022 million yen compared with the end of the previous fiscal year, to 104,753 million yen, with the ratio of net assets to total assets being 53.5%.

(3) Qualitative Information Concerning Consolidated Forecast and Other Future Predictions

The forecast of consolidated business results is unchanged from the forecast published on May 15, 2023.
